

High-level Grant Application Form Change Summary: FORMS-H

Agencies periodically update application forms

- to remain current with the most recent form sets approved by the Office of Management and Budget, and
- to align data collection with new policies.

The National Institutes of Health (NIH), the Agency for Healthcare Research & Quality (AHRQ), and the Food and Drug Administration (FDA) use the 'Competition ID' field of Grants.gov application packages for quick and easy identification of the form versions used in an application package.

NIH, AHRQ, and FDA require the use of application packages with a Competition ID of 'FORMS-H' for due dates on or after January 25, 2023. Applications prepared using "FORMS-G" application packages for due dates on or after January 25, 2023 may not be reviewed.
